**CIVIL ENGINEERING  
CONTRACTORS**

Reg. No. 2006/022669/07

## Company Overview

We at Moses Civils believe that as a Civil Engineering Construction Company it is imperative to develop, strategise and implement creative and innovative business approaches directing the company to become a recognised and reputable contender in the construction industry.

We are all too conscious of the fact that quality, efficiency, innovation and control all attribute to that all important competitive advantage.

## INTRODUCTION

Moses Civils is a Stellenbosch based Civil Engineering Construction Company established in 2006. We provide infrastructure development and maintenance within the civil engineering industry, with a clientele in both the public and private sectors across Stellenbosch, Cape Town and the Western Cape.

### Wayne Moses Managing Director

Wayne holds a Bachelors Degree of Technology in Civil Engineering and a National Diploma in Civil Engineering. After graduating in 2001 he worked on multi-million rand national high-way projects in the Eastern Cape for one of South Africa's largest civil engineering companies.

In 2003, pursuing a higher qualification Wayne joined a Cape Town based construction company with more than a half a century's experience and exposure in the industry, completing his degree part-time at the Cape Peninsula University of Technology in 2005.

## SECTORS

AGRICULTURE • AVIATION • DEVELOPMENT • EDUCATION • HEALTHCARE  
MUNICIPAL SERVICES • SPORT & RECREATION
